Brief description of the project and what you did: We helped manage the ecomuseum. I personally was in charge of communication (social media, flyers), setting up events (Halloween, Christmas).

Your favourite moment: My favourite moment was when I dressed up as Father Christmas and gave children some presents; nothing can compare when their eyes shone with joy.

Impact in the community: We helped the community of Villa Ficana (helping the elderly feel less lonely) and helped promote this museum and its history.

Impact on yourself: It opened my eyes to some troubles that people encounter, this is also the first time I had to share a house with 5 other people which at first was kind of challenging but we made the best of it. It also made me understand that we shouldn't take things for granted.
