

INTERGROUP

Candidate MEPs are encouraged to complete the pledge for a Volunteering & Solidarity Intergroup.

- ✓ The creation of a European Parliament Intergroup on Volunteering & Solidarity is necessary to ensure an on-going commitment of the European Parliament towards the further development of a comprehensive EU agenda on volunteering.
- ✓ A cross-cutting issue as volunteering, needs an official and structured intergroup, in order to have the financial resources to facilitate the activities.
- ✓ The intergroup will be a crucial cross-party and cross-Committee framework for ensuring the good implementation of the European Solidarity Corps.

I (name) ROBERT MICALLEF (S&D)
MEP candidate for MALTA
in the event of my election in the 2019 European Parliament elections, commit to supporting and promoting the establishment of an EP intergroup on volunteering and solidarity.
